

1. Login Process:

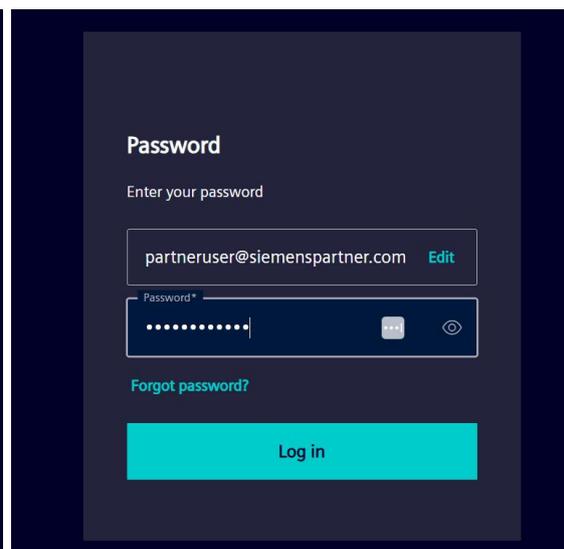

1.1. User Lands on e-Partner Login page:

1.2. When users click on Login button under Login with Siemens ID, they will be redirected to Siemens ID login page. They can enter email address on Screen 1 and continue. The email address should be same as that of the email registered in e-Partners. Users will need to enter their Siemens ID password on Screen 2 and proceed to Login.

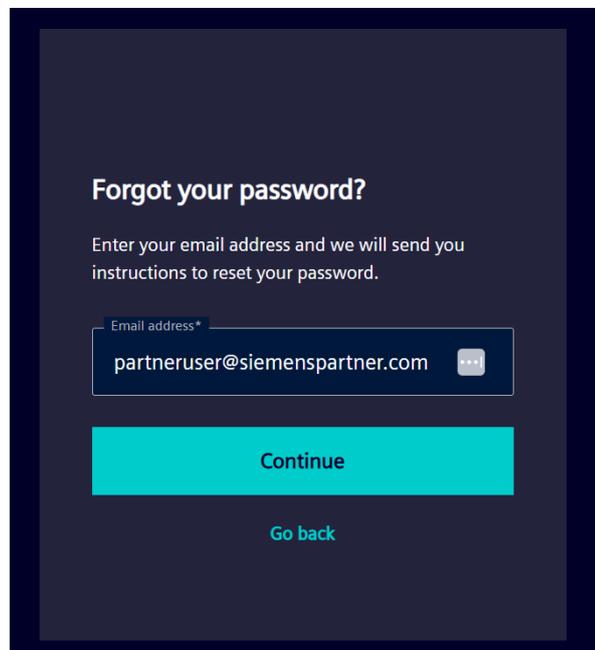

Screen 1

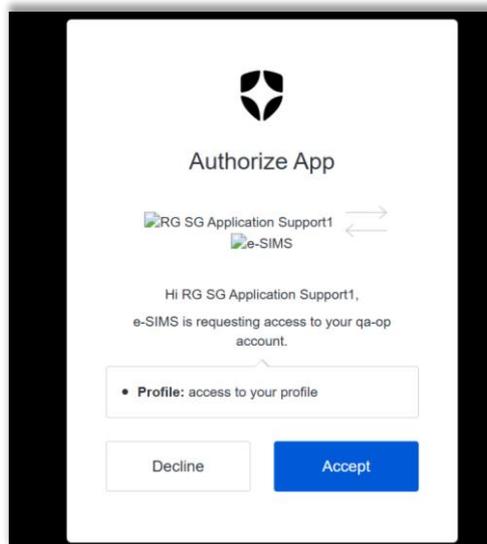

Screen 2

1.3. In case the user is logging to Siemens ID for the first time or has forgotten the password, they can use the Forgot Password link to set the password. Users will receive an email with reset password link which they can use to set the new password.

The screenshot shows a dark-themed form titled "Forgot your password?". Below the title, it says "Enter your email address and we will send you instructions to reset your password." There is a text input field with the placeholder "Email address*" and the value "partneruser@siemenspartner.com". Below the input field is a large red "Continue" button and a smaller blue "Go back" link.

1.4. For new user's login for the first time to e-Partners Application using their Siemens ID account, they will have to accept the application login request.

The screenshot shows an "Authorize App" dialog. At the top is the Siemens logo. Below it, the text "Authorize App" is displayed. There are two application icons: "RG SG Application Support1" and "e-SIMS", with arrows indicating a connection between them. The text below reads: "Hi RG SG Application Support1, e-SIMS is requesting access to your qa-op account." A list of permissions is shown: "• Profile: access to your profile". At the bottom, there are two buttons: "Decline" and "Accept".

1.5. After successful login the users will be redirected to e-Partner application.
